

your seats? Read the motion.

CLERK: Read Newell motion found on page 722 of the Journal.

PRESIDENT: All right, now this is a change in the Speaker's order. It is not on your Select File. It's LB 327. Senator Newell.

SENATOR NEWELL: Mr. President, members of the body, this is just a change that was a mistake made in E & R. They turned around where the "should" should be struck and the "shall" should be inserted and so what we're doing now is putting it back in the proper order. It is only a technical change. It doesn't change the intent of the bill. It just strikes it in one place and puts it in the other place where it was originally intended to be. It was a mistake due to a not too clear of judgement on my part in terms of spelling out exactly where it should be amended, so it's just a technical change.

PRESIDENT: Senator Schmit, did you want to be heard on this? Was your light on for the previous matter, Senator Schmit, or for this one? Senator Murphy.

SENATOR MURPHY: Well, the technicality of the difference between "shall" and "should" is a technicality like being married and unmarried and I would like a little better chance to fit this in to what I am "shalling" and what I am "shoulding" and I haven't quite done that so I wouldn't want this to move too quickly, if you will forgive me.

PRESIDENT: Before we proceed with this debate on "shall" or "should" I should make this announcement and that is that you shall go out in the rotunda at the invitation of the Susan B. Anthony Society or it is a tribute to Susan B. Anthony in the rotunda between 11:00 and 12:00 o'clock. This is sponsored by the National Organization of Women here in Lincoln and our own Senator Maxey and Senator Marsh together with the Lincoln Mayor will participate in that ceremony. So on a very informal basis the membership is invited to go out to the rotunda between 11:00 and 12:00 o'clock. Senator Lewis, on the issue. I wonder if we could have a little more order in this Chamber? The principal speaker should be Senator Richard Lewis, not some of the other Senators. Could we have it somewhat more quiet? Thank you.

SENATOR R. LEWIS: Mr. President, thanks for all that encouragement. I need it. I have a real concern about this shift in wording because this was the intent and the purpose of Senator Newell's amendment the other day because of the objections of some of us. The wording was changed from "should" or "shall" however, and I would hope that he would agree to pass over this for a day until we have a chance to study it. I think there is more here than a mere little technical error. Senator Newell, would you object?

SENATOR NEWELL: Would you allow me to use some of your time to explain?

SENATOR R. LEWIS: Certainly.

SENATOR NEWELL: What happened was when I amended it from "shall" to "should" they put...the amendment went into the wrong place, so it presently reads, "the State Board of
